'I HAVE SHOT MY WIFE'

With These Words Man Coolly Surrenders to Police.

TRAGEDY AT OIL CITY, PENN.

James Strail Shot His Wife and Then Proceeded to Maltreat Her by Kicking the Body. Woman Cannot Recover from Her Injuries.

Oil City, Pa., Sept. 12.—"I have shot my wife; you will find her lying in the street I think she is dead," said James Strail, as he walked into the police station Tuesday followed by a crowd, and surrendered himself.

Officers investigated and found on a prominent street corner a woman mortally wounded.

Strail has lived apart from his wife and 12-year-old son and had been working in a lumber camp. Mrs. Strail had supported herself and boy by working in a restaurant.

Strail came to town Tuesday and met his wife on her way to work. Without a word he drew a revolver and fired twice, the shot taking effect in the woman's breast

Strail attempted to fire again while his wife begged to be let go. She then fell over unconscious.

The gun refused to work, and throwing it away, he kicked the prostrate body of his wife about the sidewalk until stopped by the crowd.

Strail refused to give any reason for the shooting. His wife cannot recover.

GOV. SMITH AT SPARTA.

Georgia's Executive Addresses Large Gathering—Big Barbecue.

Sparta, Ga., Sept. 12.—Governor Hoke Smith spoke here Tuesday by special invitation before a large gathering of the people of Hancock county. It was the governor's first address since his inauguration except a ten-minute speech in Atlanta on Labor day and there was great interest to hear what he would say in regard to the status of the reform measures which he made the basis of his campaign.

It was apparent from his address that he was well satisfied with the progress that has been made. The passage of the act increasing the membership of the railroad commission to five and enlarging its powers he evidently regarded as the most signal triumph, though the passage of the disfranchisement bill was of much importance.

The pure elctions laws, and other reform measures are well on their way and he expects to redeem every campaign pledge by the end of the session next summer.

The governor announced his determination to use every power of his office to enforce the prohibition law and advocated a law by congress which would make it illegal to ship liquor into a prohibition state.

The speech was made near the site of the Tenth District agricultural school and a big barbecue was served to the assembled multitude.

Found Dead in Her Bed.

Chicago, Sept. 12.—The dead body of Mrs. Maud Westerfield, 26 years of age, was found in bed at her home in 151 Indiana street Tuesday with a bullet in her left temple In connection with the murder the police are searching for Edward Hildebraat, 29 years old, who had been boarding at the house for several months.

First Bale for Dallas.

Dallas, Ga, Sept. 12—The first bale of Paulding county cotton was marketed here Tuesday. It was raised by Walter Carter, a negro. The cotton prospect is fair in some sections of this county and in others it is not so good.

Russian Official Assassinated.

St. Petersburg, Russia, Sept. 12—M. Borodolin, superintendent of the Akatui political prison in Trans-Baikalia, was assassinated by an unknown pursuer on the streets of Pakhoi, his home village, where he was spending a vacation.

15-CENT COTTON FOR SOUTH.

Both Farmers' Union and Southern Cotton Association Fix This Price.

Atlanta, Sept. 12.—Victory for the southern farmers seems certain and a minimum price of 15 cents for cotton for this year's crop will be easilyy maintained, is the opinion of both President Harvie Jordan, of the Southern Cotton association, and of Charles Barrett, president of the National Farmers' union.

President Barrett reached Atlanta Monday from Little Rock, where he had been attending the session of the Farmers' union. Mr. Jordan was just back from Jackson, Miss., where the Southern Cotton association had fixed the minimum price of cotton at 15 cents per pound.

"We have got together this year," said Mr. Jordan, "and now we want the farmers to so market their crop as to secure that price."

Mr. Jordar was of the opinion that an estimate of 2,000,000 bales for Georgia this season was entirely too large, and said that if the state secured 1,750,000 bales, she would be running ahead of the other cotton-growing states.

President Barrett talked enthusiastically of what had been accomplished at the meeting in Little Rock, and was confident that this year would see the speculators put to rout by the farmers.

"On the standard of the Farmers' union," said Mr. Barrett, "there has been nailed the inscription 'Fifteen-cent cotton,' and by that motto they will win. What boots it if the gambler, playing with the product of the honest, toiling farmer as if it were a stack of poker chips, names a fictitious value of cotton, when the man who makes it and who holds it in his warehouse tells the would that his goods will not be sold except for a certain minimum price? We will win the fight easy enough if the farmers hold together, and I believe they will, and the New York exchange will soon be out of business."

The Farmers' union was growing very rapidly, said President Barrett, more than half the farmers of the south now being members of the organization. He predicted that they would all be in the union in a short while, and that they would then be in a better position than ever to enforce their demand for a fair price for their cotton.

FED BODY TO HOGS.

Terrible Crime Charged to a Negro in Maryland.

Baltimore, Md., Sept. 12—Arrested earlier in the evening on the charge of criminal assault committed upon two 8-year-old girls, Joseph Green, a negro, 21 years of age, is now held by the police as the alleged murderer of a tramp whose body the negro is said to have fed to a drove of hogs.

The accusers of the negro in the matter of the alleged murder are two 9-year-old negro boys, brother of the little girls, who say they saw the man's victims. The boys say they were on two bridges separated by more than the length of a city block between which is a field in which four hogs were kept. Sitting under a tree in the field they saw a white man, apparently a tramp, who held a fowl in his hands. The man whom the boys identified as Green, approached and attempted to take the fowl from the white man and a fight ensued, during which the negro beat the white man over the head with a club, then, say the boys, he stripped the body and with the same club used on his victim, he drove the hogs about the body and waited nearby until the animals had stripped the flesh from the body. The negro then, according to the boys, buried the bones.

The murder is said to have been committed last Saturday, and the assault upon the little girl on Monday.

Bonds in Demand.

New York, Sept. 12.—The New York city bond issue of $40,000,000, bids for which were opened Tuesday, was heavily oversubscribed at premiums ranging up to 103, J. P. Morgan & Co.: Harvey, Fisk & Sons, and the National City Bank bid 100.677 for $5,000,000 and 100.067 for $35,000,000 and Kuhn, Loeb & Co. bid for $10,000,000 at from 100.25 to 106.

SPEEDING OVER SEA

Steamer Lusitania May Break All Atlantic Records.

EXPECTED IN PORT FRIDAY

Barring Accidents, the Great Ocean Liner, the Latest Creation of the Shipbuilder, May Be Hailed as the Queen of the Seas.

Cape Race, N. F. Sept. 12.—The Cunard line steamer Lusitania, whose maiden voyage across the Atlantic is expected to eclipse all ocean records, came in touch through the wireless telegraph with the American continent Wednesday.

The Lusitania, if she can maintain the rate of 25 knots with which speed she is credited, will reach the entrance to the port of New York about Friday, which would make the time of her voyage about four days and 18 hours, more than thirteen hours better than the record trip between the points of Queenstown and New York of five days, seven hours, and twenty-three minutes, held by the Cunarder Lucania.

Such time, if made, would also wrest the best Atlantic record from Germany, now held by the Hamburg-American steamer Deutschland.

When heard from on Wednesday morning, the Lusitania had traveled about 1,655 miles of the 2,780 between Queenstown and New York in approximately seventy hours. This would make her average speed up to that point a trifle better than 23½ knots per hour.

It is known that a fog materially interferred with the speed of the Lusitania for many hours after she left Queenstown, her speed at times being reduced to twenty knots, so that she since must have steamed much faster than 23½ knots to secure that average.

The run from Cape Town down the coast is generally made at top speed, as conditions are favorable, so that shipping men confidently predicted that, barring accidents, the Lusitania will be hailed as Queen of the Seas when she reaches port early on Friday morning.

CITY OF ANTIQUITY.

Professor Saville of Columbia Makes Interesting Discoveries.

New York, Sept. 12.—M. H. Saville, professor of ethnology at Columbia university, who has returned from a trip to Ecuador, said he had discovered the ruins of cities near the coast which contained many evidences of a race hitherto unknown to present day scientists

The professor's researches extended along the Pacific coast about 50 miles to the north and about the same distance to the South of the equator.

Somewhere between these points and to a disttance about one hundred miles inland he found evidences of a city of antiquity. The city, he said, had streets lined with houses of singuar construction. Though the dwellings had been made of light material, a sort of palmetto or thatch, they had been constructed evidently with a view of withstanding the shock of frequent earthquake disturbances of the region, and were intact. In them were found utensils for cooking and other domestic purposes, made of pottery, wood and the like. He said he believed the city had contained 3,000 or more people, 500 years ago.

In his opinion the race was one of the highest in civilization living in America previous to the coming of Christopher Columbus.

Eduption of Volcano.

Seattle, Wash., Sept. 12.—Advices received here from an officer of the revenue cutter Rush, lying at Dutch harbor, and dated Sept. 4, say that on Sept. 1 and 2 a volcano in Aleutian islands broke forth, sending tons of ashes and cinders over a score or more villages, frightening the native Alaskans, as well as the whites, out of their wits and covering the deck of the cutter Rush with debris from the volcano.

STRINGENT EXCLUSION TREATY.

This May Result From the Late Riots at Vancouver, B. C.

Washington, Sept. 12—That a stringent exclusion treaty between America and Japan is measurably nearer realization than the most optimistic administration official could have believed forty-eight hours ago is the judgment of the members of the diplomatic corps here.

This long-sought object is expected to be attained perhaps as a result of the mobbing of the Japanese at Vancouver, in British Columbia. Officials here deplore what they view as an unfortunate and unwarranted infraction of the treaty rights of the Japanese, but they do not fail to perceive at once the important bearing that this incident will probably have upon the negotiations between the state department and the Japanese ambassador looking to the drafting of a treaty that shall prevent the incoming of Japanese coolies instead of leaving the subject to be dealt with in the present loose fashion by what amounts to a semi-official undertaking on the part of the Japanese government to withhold passports to coolies coming directly to the United States.

The belief that a treaty is now within sight that is based on the convictions of officials that the Japanese government will be now brought face to face with the fact that, as it cannot discriminate between Great Britain and America in the matter of demands for fair treatment for its subjects and must, by this time, be convinced that the problem is really a radical one, the only solution will lie in the formal recognition by Japan of the rights to restrict coolie immigration not only in America, but in British Columbia, Australia and other British colonies.

STEAMSHIP RATE WAR.

It is Said Cunard Line May Cut the First Cabin Rate.

New York, Sept. 12.—A new turn has been given to the steamship rivalry and rate war on the Atlantic by the statement of the North German Lloyd officials that in the event of the Cunard liner Lusitania breaking the Atlantic record of the North German Lloyds the latter will at once begin to build a liner with a minimum speed of 28 knots. This is equivalent to a speed of 32 land miles an hour.

Steamship agents here, it is also stated, believe that the Atlantic rate war will pass the crisis between now and Saturday. It is expected that the Cunard line will cut the first cabin rates far below the present fixed minimum rate of the Etruria which is $60, before her date of sailing.

Blames Labor with Riots.

London, Sept. 12.—The Times in an editorial article says it is convinced that there is now full confirmation of the belief that the anti-Oriental riots at Vancouver were actually organized by American labor agitators, "the men whose intrigues were brought from San Francisco under the dominion of Smithise and Ruef." Continuing the paper says: It believes "this same riot upon British soil was got up by officials of American labor organizations for the purpose of conveying to M. Isaii, the member of the commercial department of the Japanese foreign offices, who is now at Vancouver, the feelings of the labor element of the Pacific coast."

Association Elects Officers.

Kansas City, Mo., Sept. 12.—The American Veterinary Medical association has elected the following officers: President, Dr W. H. Dalrymple, of Baton Rouge, La.; vice presidents, Dr. A. D Melvin, chief of bureau of animal industry, of Washington; Dr. C. R. Carr, of Auburn, Ala.; secretary, Dr. C. R. Lyman, of Hartford, Conn.; treasurer, Geo. R. White, of Nashville, Tenn.

Dawson Markets 4,000 Bales.

Dawson, Ga., Sept. 12.—Up to last Saturday evening there had been marketed in Dawson something over 4,000 bales of cotton, and if the weather is suitable for picking this week, the total receipts here by next Saturday will approximate 6,000 bales.

S. A. L. ACCEPTS RATE

2 1-2 Cent Passenger Service Will Not Be Contested.

DECISION IS SIGNIFICANT

Only Line in Georgia to Accept the Reduction Made by the Railroad Commission in the State—Tribute to Efficacy of Candler Bill.

Atlanta, Sept. 12.—The Seaboard Air Line railroad will not contest the order of the Georgia railroad commission reducing its passenger rate in this state to 2½ cents nor will it combat any other reasonable order of the commission. This significant and unusual statement was made to Governor Smith by General Watt, general counsel of the system, who called at the capitol recently.

The decision is especially significant because the Seaboard is practically the only road of any importance in the state which has signified its willingness to abide by the rulings of the commission, and incidentally it is a tribute to the efficacy of the Candler railroad bill, which gave the commission such power.

All the other systems have opposed the commission in injunctions, and in interviews and in other ways have shown their opposition to any change in the rate. The fact that the Seaboard has determined on this step will bring an element of competition in that will be bound to have its effect on the other systems, even if they should be able to successfully resist the reduction.

FOR PUBLIC SAFETY.

Corporations Will Hereafter Use Precaution Toward Same.

New York, Sept. 12—Judge E. H. Gary, chairman of the board of the United States Steel corporation, who has just returned from a two months' vacation abroad, in speaking of the movement for the improvement of the steel rail, said that the commission of experts appointed to consider the subject would probably report in two or three weeks. He said it would be found that the steel manufacturers and the railroad companies would make every effort to adopt a standard that would insure the safety of the public.

"The time has gone past," continued Judge Gary, "for the great corporations to ignore the public and the public interest. The public be damned policy, if that phrase was ever actually used, will not go in these days. The heads of our great industrial enterprises can never adopt that attitude, not alone as a matter of policy, but in the interest of their own undertakings. There has been a great change in late years in the attitude of corporations toward the public and their employees."

Earthquake Recorded.

New York, Sept. 12.—The earthquake reported to have occurred in the Aleutian Islands on Sept. 1-2, and news of which has reached Seattle through an officer of the revenue cutter Rush, is believed to be the "lost earthquake" recorded early in the month on the seismograph at Washington, D. C., in England and at Ottawa. The Washington experts at the time figured that it had occurred about 6,300 miles from Washington, and from the data which the instrument furnished them, believed that it was in the region of Alaska. Their belief is now borne out by the dispatch stating that it was in the Aleutian Islands.

Athens Expects 125,000 Bales.

Athens, Ga., Sept. 11.—Cotton is coming into Athens rapidly. The receipts for the first week of the season were 545 bales, as against 197 for the same time last season. Last season the total receipts for this city were over one hundred and seven thousand bales. This season it is expected they will mount to one hundred and twenty five thousand bales.

NEWS OF CITY AND COUNTY CONDENSED

R. L. Black of Highland was in the city for a few hours yesterday. Mrs. Black and baby are spending a few days at Worthington Springs.

General Superintendent J. B. Cutler of the Tampa and Jacksonville railway left yesterday for Tampa and other points on official business.

Joseph Dupree has returned from an extended visit to the Jamestown Exposition and other points. His friends are glad to welcome him home again.

Mrs. T. F. McBeath and daughter, Miss Omera, left yesterday for Green Cove Springs, where they will spend a few days as guests of Prof. and Mrs. T. J. McBeath.

P. M. Padgett of New River, one of the most successful young naval stores operators in the State, was in the city yesterday on a combined business and pleasure trip.

John Donaldson of Louise was trading in the city yesterday. Mr. Donaldson, who is an old veteran, is one of the most widely known and most universally popular men in his section of the county.

M. V. Kirkpatrick of Atlanta, Ga., special agent of the Williamsburg City Fire Insurance Company of Brooklyn, N. Y., is here in the interest of his company, having come to adjust some claims.

Wade Thomas and Harry Simmons of Monteocha were trading in the city yesterday. Mr. Thomas states that he is having excellent success in gathering his cotton crop, notwithstanding the scarcity of labor. The quality of his produce is also good.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. J. W. McCollum & Co.

W. J. Beaman, the clever traveling representative of E. D. DePew & Co., wholesale grocers, New York, is in the city in the interest of his firm. Mr. Beaman is no stranger here, as he visits Gainesville regularly every sixty days. He has a fine select trade among the merchants of this city.

Mr. and Mrs. J. L. Emerson have secured apartments at the Allen Mills home, East Court street, and will move at once, where they will be at home to their friends. Since arriving in the city from Ocala they have been boarding at the Arnold House, but prefer to do light housekeeping.

Dr. J. C. Wills, who has for a long time called Starke home, but who will soon move to Gainesville with his interesting family, was in the city yesterday. Dr. Wills is not only one of the most efficient and capable members of his profession in Florida, but a gentleman of the most cordial, genial disposition, and one who is bound to make friends socially wherever he goes. He expects to bring his family here in a few days.

Captain C. R. Layton has returned from the mountains of North Georgia, where he has been for the past few weeks with his wife. He left Mrs. Layton in South Carolina, where she expects to spend the next two or three weeks. Friends will be glad to learn that they had a pleasant and beneficial trip.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. J. W. McCollum & Co.

Some of the colored people of the city who term themselves the "high yellows" went on a private picnic yesterday, spending the day in the woods. There seems to be a slight friction here between the negroes of the various hues, but in the words of the old familiar song, the public says, "All Coons Look Alike to Me."

Mrs. John Golman has returned from Jacksonville, where she was called a few days ago on account of an accident sustained by her brother-in-law, Conductor A. P. Hall, caused by an accident on the Seaboard Air Line railroad. Friends of the lady will be pleased to learn that she left the patient greatly improved. Captain Hall is conductor on the fourth division of the Seaboard.

Hon. Geo. A. Alba, collector of customs of the port of St. Augustine and a prominent citizen and successful business man of that city, was here yesterday, a guest of his friend, Hon. Henry S. Chubb, register of the United States land office. Mr. Alba is also a prominent member of the St. Augustine Lodge B. P. O. E., and was shown through the club rooms and home here. He complimented Gainesville lodge very highly upon having such a magnificent building and club room, especially the lodge room, which he declared to be one of the most up-to-date he has ever seen.

Will Make This Home.

Mrs. Judge Mershon and two sons of Fernandina have arrived in the city, and will make Gainesville their future home. They are pleasantly located at the home of Mrs. L. A. Thrasher, 201 East Main street N.

It will be remembered that several weeks ago Mrs. Mershon came to Gainesville to investigate the many advantages offered for a city in which to rear young people. She was quick to perceive of the excellent school and church advantages, and decided to move here in order to give her two sons these advantages. They will start to school here at the opening of the term.

Mrs. Mershon and family will be gladly welcomed to Gainesville, and it is to be hoped they will be well pleased.

The Clarks in Atlanta.

A letter has been received from Hon. Frank Clark in Atlanta, directing that his paper be changed from Austell, Ga., to Atlanta.

Col. Clark states that at the time he wrote the letter his family were all with him, but would soon be separated, at least for the scholastic year.

Edward will leave in a day or two for his last year in the dental college in Baltimore. The young ladies of the family will enter school in Western Maryland, and Frank, Jr., will enter the law department of the University of Georgia at Athens.

Col. Clark states that the madame and himself do not expect to reach home before October 1. He is in excellent health, and sends regards to inquiring friends.

WILLARD'S COMEDIANS.

Will Appear in Gainesville Three Nights, Beginning the 19th.

"Henry F. Willard's Comedians are coming!" was the glad news that was circulated around town yesterday, and that this popular company would appear here next Thursday, Sept. 19 for three nights and special matinee engagement, presenting four of the famous Willard plays.

Every season Manager Willard offers the theater-loving people of the South one of his many companies and this year he presents his famous "Henry F. Willard's Comedians," which is considered the best in stageland.

The company will present a class of plays that have never been seen here before and which are undoubtedly the best that can be procured, and will prove a sensation to our theatergoers.

The opening play for Thursday night will be the great four-act comedy drama, "The White Caps," a play based on the famous "Ku-Klux-Klan," and as this is its first presentation at popular prices, there is no doubt but what the company will be greeted with a packed house.

Reserved seats will be on sale Tuesday.

BITTEN BY A DOG.

Ernest Papy Brought Two Fighting Dogs to Town, and Was Bitten.

Ernest Papy, proprietor of the Brown House Barber Shop, received on Wednesday two fighting bull-dogs by express, and was highly elated over the possession of them.

These dogs are very vicious, and Thursday, while Papy was showing one of them off on the streets, permitting the animal to almost approach other innocent and helpless dogs on the sidewalk and then drawing him back by a chain, the canine got actually "mixed up" with another dog, also the property of the owner of the bull, and in an endeavor to separate the animals, he was bitten through the left hand.

Papy went to a physician who dressed the wound, but his hand is yet in bad condition.

It is a menace not only to the safety of other dogs, but to the public, to permit such vicious brutes to roam the streets unmuzzled, even considering that they are held in captive by chain, and this should be stopped at once.

A Prominent Visitor.

C. C. Whitaker, a prominent citizen of Camden, S. C., is in the city, having been summoned here on business.

This is Mr. Whitaker's first visit to Gainesville, although his parents resided here many years ago, his father owning considerable real estate a few miles west of the city. He is deeply impressed with Gainesville, which he had always been told was the best interior city in the State.

MOTHERHOOD

MRS. JAMES CHESTER

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth.

Note what Mrs. James Chester, of 427 W. 38th St., New York says in this letter:—Dear Mrs. Pinkham:—"I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women.

It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

STATE PRINTING.

The Board of State Institutions is advertising for bids on the State printing for the next two years, and have notified all parties desiring to bid on same to have their figures submitted to the board not later than September 25th, at which time the board will open the bids and award the contracts.

The advertisement of the board states that a certified check for ten thousand dollars must be submitted with bids for one class of the work, and a certified check for two thousand and five hundred dollars submitted with bids for the other class.

In the opinion of The Evening News the Board of State Institutions has made a mistake in this matter. We have been watching for this notice for some weeks but had hoped this objectionable feature would not be found in the requirements this year. In fact, so much has been said, in the public prints and elsewhere, against this clause and so much dissatisfaction created heretofore by it that we did not think that the board would blunder again in this respect.

It has been charged heretofore that these checks were made a condition of the bid for the sole purpose of shutting out certain bidders and giving the work to favored ones. We do not believe these charges are true, but the refusal of the board to abolish this certified check requirement, or lower the amount of the check, will not tend to do away with the suspicions which have been aroused by former actions of the board.

It is perhaps necessary to make the bidders deposit something in the shape of collateral with their bids. The board ought to have some assurance when a bid is accepted that the contractor will carry out the work in a manner that will be satisfactory to the board, but we find on reading the advertisement that the successful bidder is required to furnish a bond of twenty thousand dollars for one class of the work, and five thousand dollars for the other.

The real purpose for requiring a deposit with the bid is to guarantee the board that the successful bidder will make the necessary bond, and not that he will do the work satisfactorily, and in our opinion the sum of ten thousand dollars required to be deposited with the bid for this purpose is entirely out of reason. There are thousands of good men in this State who could make a bond for a hundred thousand dollars but who could not give a certified check for five thousand, and the members of the board of State Institutions know this as well as we do.

The conditions under which the bids for the State printing are to be received absolutely shut out the little man, and quite a number of the big men in the printing business in this State, and we predict these "little" men are going to be heard from in no uncertain terms.

For fear some one may think we have a personal interest in the matter it might not be out of place to state that The Evening News has no intention of bidding on any of this printing. —Pensacola News.

The disrespectful and disgusting features brought into the meeting that awarded the contract in August two years ago, when a member threatened and came pretty near putting his fist onto Hilson's nose while the Governor waived his hand as a warning to Hilson to be respectful and polite, will not be a part of the proceeding on this occasion, which will be refreshing, even though bidders be frozen out again. Let 'er go Gallagher.—Tallahassee True Democrat.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

COWPEAS.

Prof. A. M. Soule, in The Southern Farm Magazine of Baltimore for September, says:

"Cowpeas provide one of the finest forms of hay for use in the South. Experiments have demonstrated that within reasonable limits cowpeas can be substituted for expensive concentrates like wheat bran and cottonseed meal. For instance, as much as 10 pounds of finely chopped cowpea hay may be made to replace six pounds of wheat bran. As cowpeas can be grown on practically every farm and gather their nitrogen from the air, and even when cut for hay leave 30 to 40 pounds of nitrogen on each acre of land in the roots, stubble and fallen leaves, it is a crop of vast economical importance. The cowpea is also a splendid smother crop and holds weeds in check very effectively. It has a very fine effect on the physical condition of the soil, bringing it into an ideal State for succeeding crops. There are some drawbacks to using cowpeas for hay, as the crop is difficult to cure; but where wooden triangles of even rough construction not over two feet high are used underneath the stocks and hay caps provided, excellent hay can be made even in a very unfavorable season, as the crop can be cut under these conditions in a semi-green state and will cure out perfectly."

It is amazing when we think how rapidly new "youngsters" are ushered into the world. The average birth-rate of the world is one baby at every beat of the human heart, or one and a fraction every second; seventy every minute, four thousand two hundred every hour; one hundred thousand eight hundred every day; and thirty-six million, seven hundred ninety-two thousand, or equal to nearly half the population of the United States, every year.

JONESVILLE HAPPENINGS.

Death of An Infant—Enjoyable Fish Fry—Personal Notes.

Jonesville, Sept. 12.—T. R. Pickett has returned from Live Oak, where he went to visit his sons, Geo. E. and A. G. Pickett. Geo. E. accompanied his father home.

W. L. Pickett went to Live Oak yesterday afternoon.

Our school is progressing nicely under the management of Prof. A. J. Johnson. Mr. Johnson has taught here before, and judging the future by the past, we are sure we will have some excellent work done.

Mrs. W. W. Spires is at Newberry, where her daughter, Mrs. T. B. Kirby, is very ill. We hope she will soon recover.

Mrs. W. J. Hamilton has returned to her home from Forest Grove, where she has been with her daughter, Mrs. Knight, who is suffering with rheumatism.

These Sunday nights are very dark, and we hear that one young man, although no smoker, has decided to carry matches along with him on account of the trees which will grow near the road.

The infant son of Mr. and Mrs. T. B. Kirby was laid to rest in Jonesville cemetery on last Sunday morning. Friends extend heartfelt sympathy.

Fish fryes are getting to be very common over here, and the one last Thursday seems to have been the best yet. We are looking forward to another one, and hope it will not be far distant.

MELROSE MENTION.

People Returning From Summer Outings—Personal Notes.

Melrose, Sept. 12.—Dr. F. McRae and A. A. McRae have returned from their several weeks' outing.

Dr. J. C. Davis is spending a couple of weeks with his cousins, Mr. and Miss Jackson.

Willie Miselle of Evinston, who has been taking a business course in Jacksonville, has been clerking in A. A. McRae's store the past week.

Mrs. Chas. W. Rogers and baby of Live Oak are visiting at the Huffman House for a few days.

Mrs. W. H. Lee and Mrs. Fortner have gone to Georgia for a few weeks' visit with relatives. Miss Emma Lou Harrison, who has been visiting relatives here the past month, returned with them.

Ernest Lee is home from Lake Butler for a brief stay.

Mr. Wall of Starke came yesterday to spend a few days with his daughter, Mrs. O. C. Husband.

Albert Goodman is back in Melrose for a short stay.

Miss Minnie Lee, who has been teaching a summer school, is at home.

M. Baldwin has returned from a business and pleasure trip.

A son was born last Saturday to Mr. and Mrs. W. A. Julian.

Cures Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Caught Soldiers Looting.

Paris, Sept. 12.—Special dispatches received here from Casa Blanca relate a regratable incident at that port. A well known French resident caught two Spanish soldiers in the act of robbing his house. He summoned assistance and secured the men, and was marching them off to the authorities when he met a Spanish officer. The man abused him roundly and ordered him to release the soldiers. The Frenchman has lodged a complaint at the French consulate against both the officer and the men.

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and $1.00. Sold by W. M. Johnson.

NOT A PARTICLE OF SKIN ON BODY

Worst Case of Eczema Doctor Had Seen in 40 Years — For Six Months Father Expected His Baby to Die—Blood Oozed Out All Over Her Body—Had to Be Wrapped in Silk and Carried on a Pillow—Now She Is Perfectly Cured.

DOCTOR RECOMMENDED CUTICURA REMEDIES

"My little girl was born two weeks before her time and my wife died four hours after the birth of our child and I had to raise the baby on artificial foods. Six months after birth she broke out and I had two doctors in attendance. There was not a particle of skin left on her body, the blood oozed out just anywhere, and we had to wrap her in silk and carry her on a pillow for ten weeks. She was the most terrible sight I ever saw, and for six months I looked for her to go to her mama, but thank God and his agents, she is alive and well to-day and she will be three years old the seventh of December and has never had a sign of the dread trouble since.

"I used every known remedy to alleviate her suffering, for it was terrible to witness. Dr. C—— gave her up and then I went to C—— F—— and got Dr. B—— and he and Cuticura Soap and Cuticura Ointment saved her. He recommended the Cuticura Remedies, or said we were right in making use of them. As nearly as I can remember, we used eight cakes of Cuticura Soap and three boxes of Cuticura Ointment; but you must take into consideration that hers was an exceptional case, for an old and good doctor said that it was the worst case that had come to him in forty years. I have always hinged on Cuticura Soap to keep her skin soft and to give her a pure complexion. James J. Smith, Wood and Metal Pattern Maker, Box 234, Buena Vista, Va., Oct. 14 and 22, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.) COTTON ESTIMATE TOO HIGH.

Harvie Jordan Does Not Think Georgia Will Raise 2,000,000 Bales.

Atlanta, Sept. 12.—Harvie Jordan, president of the Southern Cotton association and also president of the Sea Island Cotton association, left Tuesday for White Springs, Fla., where he will preside over that latter organization, which meets to fix the price for the finest staple that grows.

Mr. Jordan is just back from Jackson, Miss., where the Southern Cotton association, following the Farmers' union, fixed the minimum price for cotton, as it is grown in the cotton belt, at 15 cents a pound.

"We have gotten together on the minimum price for cotton this year," said Mr. Jordan, "and now we want the farmers to so market the crop as to secure that price. There is nothing in the report that Georgia will make 2,000,000 bales of cotton this year, and if she gets 1,750,000 she will be running ahead of the other cotton-growing states."

General Robert E. Lee

Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest Liniment. Quickly cures all pains. It is within the reach of all. T. H. Pointer, Hempstead, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent Liniment for Rheumatic pains. I am never without it." Sold by W. M. Johnson.

Whisky Barred by Red Men.

Norfolk, Sept. 12—The great council of the United States Improved Order of Red Men, in annual session here adopted an amendment to the by laws of the order prohibiting membership in the future to all saloon keepers and bartenders. The great council rescinded all legislation enacted at Niagara Falls last year in relation to the substitution of the "jewel" for "cash" and went back to the old form of regalia in initiatory work.

EIGHT BUILDINGS BURN.

Little Town of Molena, Ga., Is Almost Wiped Out.

Molena, Ga., Sept. 12.—One of the most disastrous fires in the history of this little town occurred Tuesday.

About 11:30 o'clock the fire was discovered above the ceiling in a negro house and all efforts to stay the fire proved fruitless. In less than an hour eight buildings were swept out of existence.

The Southern railway depot would have burned but for the heroic efforts of the people. The railway company sent an engine and crew from Woodbury and from the tank of this engine the water was drawn that saved the depot.

The merchants in the surrounding stores carried nearly all their goods into the streets and more or less damaged them.

All the business houses that burned will be replaced with brick structures.

Emperor Grants Audience.

Tokio, Sept. 12—Mr. Pacheco, the newly appointed minister from Mexico to Japan, presented his credentials to the emperor, who granted him an audience at which the empress was present.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

JEWS IN STATE OF PANIC.

More Trouble is Reported from Kishinev, Russia.

Brailla, Russia, Sept. 12.—News has reached here of another anti-Jewish outbreak at Kishinev. It is estimated that no less than eighty Jews lost their lives in encounters with the inflamed populace.

The Jewish quarters of Kishinev were attacked by organized bands of roughs who looted houses and shops and ruthlessly killed or wounded all those who attempted to defend their property. The Jews are fleeing from Kishinev in a state of panic.

Many of the refugees made their way to the banks of the Pruth in the hope of finding protection in Roumania, but were driven back by frontier guards.

Speeding Auto Turns Somersault.

Eaton, Ohio, Sept. 12.—While en route from Ludlow Falls, J. Yeason, an Indianapolis contractor; his son-in-law, George H. Chandler; the chauffeur and two other members of the automobile party met with a serious accident on the National road, near here. While speeding at a 50-mile rate they struck fresh gravel and the machine turned a double somersault, alighting in the ditch a total wreck. Yeason suffered internal injuries, the chauffeur had the ligaments of both his ankles torn out, while another of the party received a badly torn scalp and many bruises.

Cotton Burned at Dawson.

Dawson, Ga., Sept. 12.—About 11 o'clock Monday night a number of bales of cotton were found to be blazing in the new brick warehouse of Messrs. Lowrey & Davidson, and had it not been for the excellent construction of the building and the timely discovery of the fire, the loss would have been quite heavy. Dawson's fire department was promptly on hand and by vigorous efforts succeeded in subduing the flames after a dozen or so bales of cotton had been partially destroyed. The loss is covered by insurance.

No Change in Strike.

Atlanta, Sept. 11.—There is no marked change in the situation in the telegraphers' strike. The local officers of the commercial companies allege that all is serene with them, and the strikers say the same. William S. Weir and J. J. Hobby, members of the Atlanta Typographical union, and J. S. Allie, of the local branch of the United Pressmen's union, addressed the strikers Monday night in the telegraphers' hall. The meeting was characterized by a full attendance. The strikers aver that prospects are cheering.

HOW BONNER WON SUCCESS

The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and sagacious advertising. When he began the publication of the paper whose phenomenal success brought him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.

He forced his enterprise upon public attention by a systematic lavishness of expenditure for advertising which at that time was without precedent or parallel. Whole pages of daily newspapers were secured at high prices to blazon forth the merits of his undertaking.

From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.

Conservative publishers, jogging along in the ruts of old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and these receipts increased with startling rapidity.

Every dollar disbursed in this way brought in more dollars until croakers were confounded and pessimists in this particular branch of business silenced by his tremendous success.

The lesson is one that is as well worth heeding today as it was forty years ago.—Philadelphia Bulletin.

Large space in this paper is one of the best investments a merchant can make.

NOTICE OF APPLICATION FOR LETTERS PATENT.

Notice is hereby given that on Tuesday, the eighth day of October, A. D. 1907, the undersigned will apply to His Excellency, N. B. Broward, Governor of the State of Florida, for Letters Patent on the charter proposed accompanying this notice.

J. B. PADGETT,
W. R. THOMAS,
R. E. HILL, JR.

Under and pursuant to the requirements of the statutes of the State of Florida, we, the undersigned, W. R. Thomas, J. B. Padgett and R. E. Hill, Jr., desiring for ourselves, our associates and successors, to form and be incorporated as a corporation, do hereby give notice that we shall apply to the Governor of the State of Florida for Letters Patent.

The proposed charter is as follows:

First—The corporate name of said corporation shall be "THE W. R. THOMAS LIVE STOCK COMPANY," located and having its principal office and place of business at Gainesville, Florida.

Second—The general nature of the business or businesses to be engaged in or transacted by said company shall be as hereinafter mentioned and set forth, viz: Transacting a general livery and sales stable business; buying and selling at wholesale or retail horses, mules, buggies, wagons and harness, live stock and cattle of every character; goods, wares and merchandise; the purchase and sale of real estate; to have full power to exercise by its board of directors, or duly authorized officers or agents, subject to law, all such incidental powers as may be necessary to carry on and conduct said business, and for these purposes to have and possess all the rights, benefits, privileges and immunities incident to and given under the laws of this State to a corporation of such character.

Third—The amount of the capital stock of this corporation shall be One Hundred Thousand ($100,000) Dollars, to be divided into one thousand (1,000) shares of the par value of One Hundred ($100) Dollars each, payable in lawful money of the United States or in property, labor or services at a just valuation to be fixed by the board of directors at a meeting called for such purpose.

Fourth—The term for which this corporation shall exist shall be ninety-nine years.

Fifth—The business of the said corporation shall be conducted by the following officers, viz: a President, Vice-President, Secretary and Treasurer, and a board of not less than three nor more than nine directors, of which board of directors the President, Vice-President, Secretary and Treasurer shall be members and stockholders and all officers of said corporation shall be chosen by the stockholders. The office of Secretary and Treasurer may be held by one and the same person. The board of directors shall make the by-laws of the corporation at any special meeting called for that purpose. The officers and directors shall be elected annually at the annual stockholders' meeting, the first of which shall be in the company's general office in Gainesville, Florida, at 10 o'clock a. m., on the first Tuesday in January, 1908, and annually thereafter, and until such first election the names of the officers who are to conduct the business of the corporation until those elected at the first election shall be qualified, are as follows, viz: J. B. Padgett, President; W. R. Thomas, Vice-President, and R. E. Hill, Jr., Secretary and Treasurer. The board of directors shall be J. B. Padgett, W. R. Thomas, R. E. Hill, Jr., and J. A. Maultsby, until their successors shall be elected.

Sixth—The highest amount of indebtedness or liability to which the corporation shall at any time subject itself shall not exceed the amount of its capital stock at such time actually paid in.

Seventh—The names and residences of the subscribing incorporators to this corporation, together with the amount of stock subscribed by each are as follows, viz:

J. B. Padgett, Gainesville, Florida, 275 shares.

W. R. Thomas, Gainesville, Florida, 275 shares.

R. E. Hill, Jr., Gainesville, Florida, 1 share.

J. A. Maultsby, Campville, Florida, 1 share.

The amount of stock so subscribed exceeds ten per cent of the capital stock authorized under this charter.

Ninth—The capital stock remaining in the treasury at the time of the issuance of Letters Patent shall not be sold or otherwise disposed of except by the mutual consent of the stockholders of this corporation holding ninety per cent of the capital stock outstanding and issued.

The above and foregoing charter is subscribed to by the following persons, viz:

W. R. THOMAS,
R. E. HILL, JR.
J. B. PADGETT.

State of Florida,)
Alachua County.)

Before me personally appeared J. B. Padgett, W. R. Thomas and R. E. Hill, Jr., to me well known and known to me to be the identical persons who subscribed to the above charter, and each severally acknowledged before me that the above and foregoing signature in his signature.

In witness whereof I have hereunto set my hand and affixed my official seal this 2nd day of September, 1907.

Who Pays For Your Printing?

Poor printing is a detriment to any buisness, and is an unprofitable investment. Poor printing is usually paid for twice—once when you settle with the printer, and again in the injury it does your business.

GOOD PRINTING PAYS FOR ITSELF!

In the added business it brings, in the complete satisfaction you feel in sending out neat, tasty stationery, and its first cost is soon on the credit side of the ledger. Good printing is remembered long after the price is forgotten.
